

June 8, 2019

Dear Potential Member School,

I'm excited to announce that the Texas Trinity League (TXTL) is now ready to accept new membership applications for the 2019-20 academic year. Texas Trinity League is a faith-based governing body that strives to combine outstanding academics with a competitive sports platform for students to unite and excel both athletically and academically.

Our vision is to develop a league rooted in high standards, unquestioned character, and a level playing field for all. We aim to establish Texas's premier league for both academics and athletics, allowing member schools to achieve success while still maintaining a competitive balance through the promotion of sportsmanship and fair play.

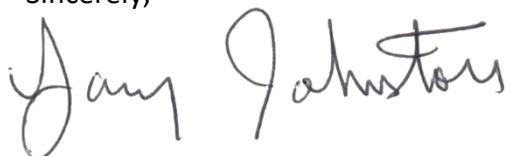

TXTL is committed to providing strong leadership, support, and personalized customer service to its member schools. We will soon launch a new, comprehensive and interactive website. We will also develop league schedules and host world-class state championship venues, whereby schools can not only compete, but also fellowship by assisting one another, building lasting relationships, and actively serving our communities.

TXTL has partnered with The Remedy, a national branding and marketing agency based in Frisco, TX, to assist with the launch and ongoing operations of the league. The Remedy will not only operate and oversee all of our state championship venues, but they will also help to market the league to sponsors and other potential partners in an effort to ensure that we provide the best experience possible for all students, parents, coaches, school administration, and fans.

Please visit our website (<https://www.txtl.org/>) and view our promotional video to learn more about the league and our vision for the future of our student athletes. Our website also includes league updates, a calendar of events, league fees, and league bylaws. The TXTL bylaws have been submitted to the National Federation High School (NFHS) for consideration and we are looking forward to membership approval soon.

Texas Trinity League looks forward to building a strong, collaborative relationship with its member schools. We truly appreciate your consideration in becoming part of the Texas Trinity League family and I'm available for any questions you may have.

Sincerely,

A handwritten signature in black ink that reads "Larry Johnston". The signature is written in a cursive style with a large, prominent "L" and "J".
